The Details

On the day you will have the run of the House, accommodation across 33 bedrooms, a champagne reception with bites, followed by your wedding dinner in the Orangery, drinks, dancing and a DJ until late. Breakfast is included the next morning as well as flowers and lighting. You can party as loud and as late as you like. there's no curfew because we're surrounded by sheep and fields! The Church of St Margarets is situated on the estate and we can help arrange your church or civil ceremony.

The Ceremony

Positioned a stones throw from Babington House, the Church of St Margaret's offers the perfect location for your ceremony. Dating from 1748, St. Margaret's Church is similar to the Redland Chapel in Bristol, designed by local architect John Strachan. It has an octagonal cupola flanked by urns, arched windows and a single bell. During the warmer months, outdoor civil ceremonies can also be arranged on our Croquet Lawn. We hold civil ceremonies and non-religious weddings in the Orangery and Library.

The Food

Dinner will be served in the Orangery, overlooking the grounds and lakes through the floor to ceiling windows. We offer a three course sharing menu for the dinner, which have been designed to be enjoyed family style. The menus have been carefully curated to encompass British food using locally-sourced produce from our Walled Garden. Our menus are everchanging, in line with the seasons.
