

## Accessibility Statement: Cafe Boheme

We are committed to improving access to our sites and services for people who use wheelchairs, those with ambulant disabilities, people who are deaf, hard of hearing and those with partial sight so everyone can enjoy them. Staff are required to undergo an induction training session that informs them on basic access awareness, encouraging the use of the social model of disability.

Here are the facilities we provide and in the instances where we cannot ensure accessibility, we will endeavour to provide an alternative.

If you have any suggestions, comments or feedback about our accessibility services please email [membership@sohohouse.com](mailto:membership@sohohouse.com) or ring your local House.

Disabled access is via the main entrance where weather protection is provided.

Once inside, information about the site is available in both clear and large print.

Toilets are located in the basement but there are no disabled or accessible toilets within the restaurant. Disabled guests must exit the restaurant and use the disabled toilets in 40 Greek Street which can be found on the first and third floor and can be accessed via the lifts. Disabled toilets here are within the single gender bathrooms and are clearly signposted. They are each fitted with handrails and assistance alarms.

### **Food & Drink**

Inside Café Boheme is spacious and well-lit and when lighting is dimmed during the evening, candles are put out onto the tables and bar. Low-level background music is also played during opening hours.

There is ample seating in the space and most of the chairs are upright without arms. Crockery used in the restaurant is coloured contrasted to the brown tables.

Our outdoor spaces are all accessible and have awning for weather protection and outdoor heating.

Please speak to a member of staff if you have any dietary requirements which our kitchen will be happy to cater for.

**Safety**

In the event of an emergency, as the diner is on the ground floor, disabled guests can exit the building along with the other guests. Staff are on hand to assist all guests in safely evacuating the site.
