SOHO VISIONARIES

'Working across painting, photography and sculpture, the three artists selected for Soho Visionaries may have distinct practices, but they all share a commitment to rethinking the world around us. At heart they are storytellers, and the works they have created as part of this initiative will be permanent reminders that art allows us to see beyond the expected.'

The Soho Visionaries series, powered by Porsche, amplified the voices of three local artists and members who are driving culture forward. Together, Soho House and Porsche commissioned new site-specific works displayed at Soho Farmhouse, Soho House Barcelona and Soho House Berlin. The series is supported by events that celebrate Soho House's creative community, and allow members to participate in art workshops and talks around the world.
