## LITTLE HOUSE APARTMENTS

---

Little House Apartments are a collection of homes in the heart of Mayfair. Available for short and long-term lets, the Apartments are spread across four floors of a traditional Mayfair building on a quiet corner, and each occupies a whole floor. The largest Apartment has three bedrooms, while three others have two bedrooms.

Bordered by Piccadilly to the south and Oxford Street to the north, Mayfair is a unique area of the city, quieter than nearby Soho but only minutes away from the bustle of Park Lane and the West End. Long-established London businesses rub shoulders with cutting-edge fashion boutiques and modern art galleries. Nearby are Old Bond Street, New Bond Street, Burlington Arcade, Conduit Street and Savile Row; London's most famous streets for shopping, eating, art and fashion.

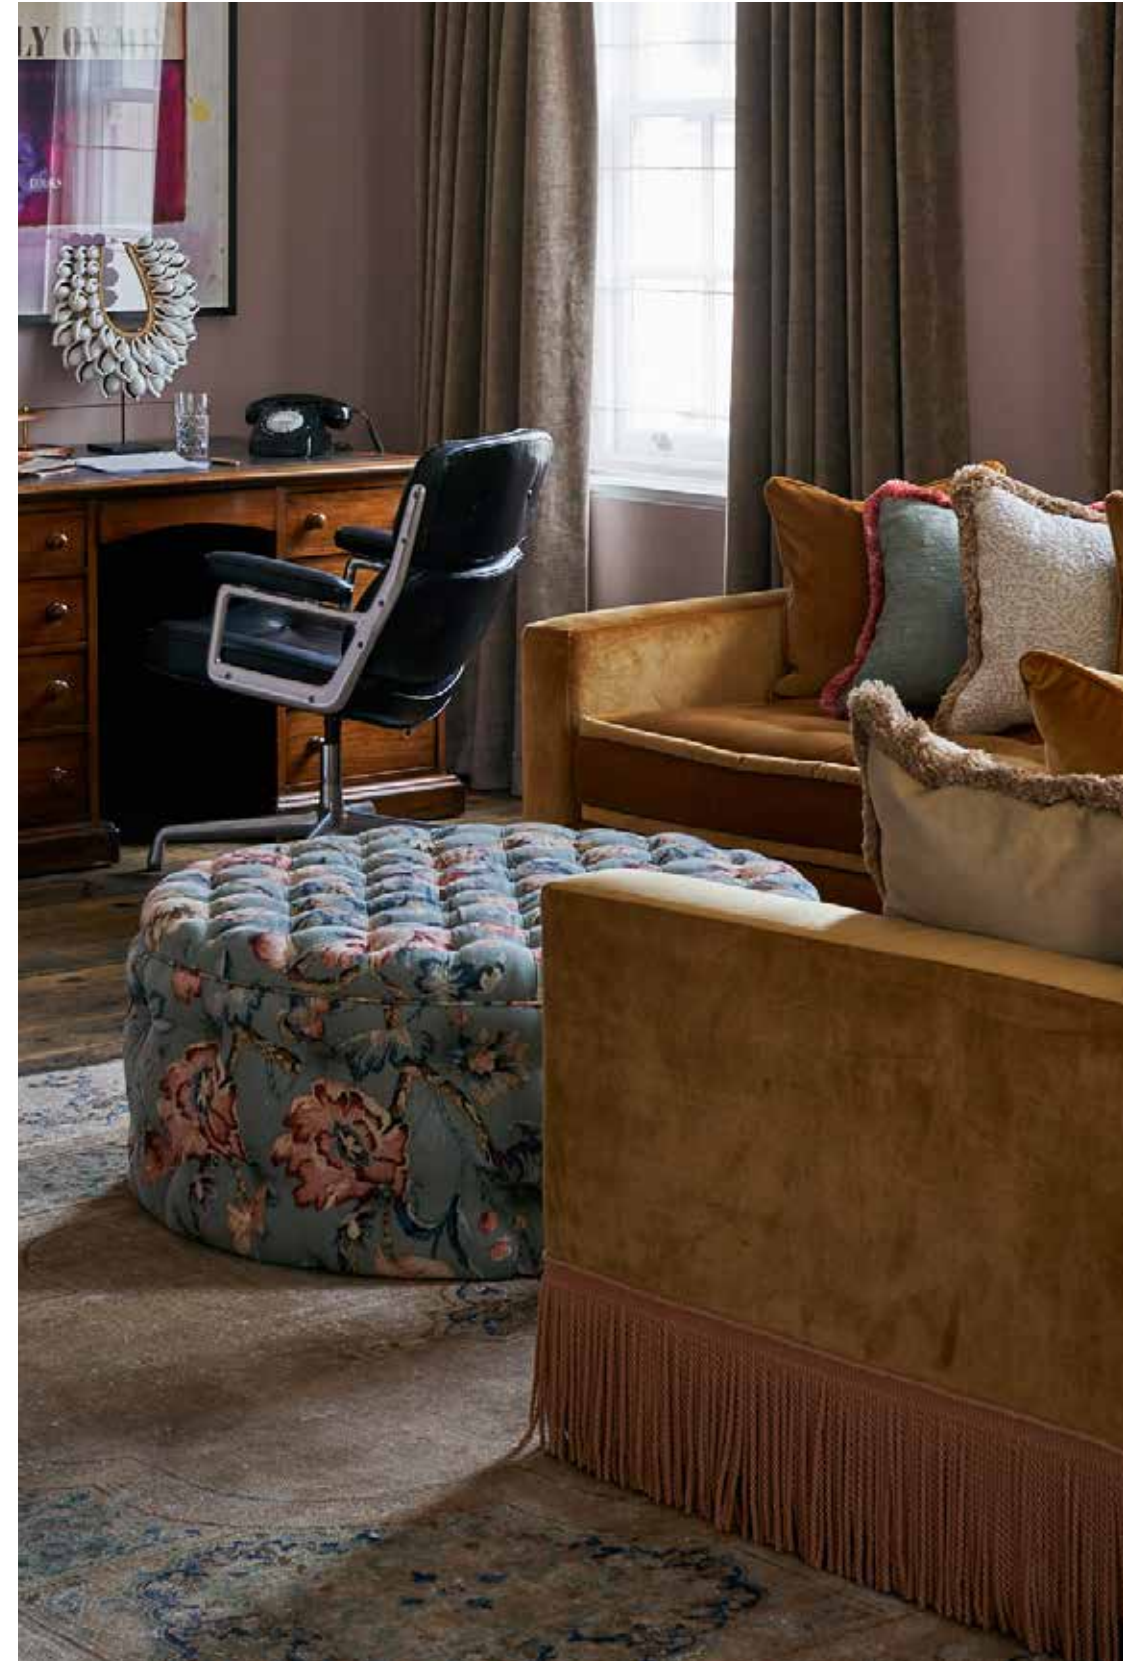

All of our beds are fitted with 300 thread-count Egyptian cotton sheets by Frette, and en-suite bathrooms have rainforest showers and deep freestanding bathtubs. Each bathroom comes with a range of Cowshed products.

Rich velvets and classic prints complement the elegant Mayfair surroundings. A palette of soft blues, pinks and yellows create a sumptuous and relaxing environment.

Each Apartment is generously sized and kitted out to the standards of your own home. Fully stocked kitchens and spacious lounge and dining areas make the Apartments perfect for living and entertaining.

Sit back and relax as we do the cooking and cleaning for you. We offer room service, daily housekeeping and dry cleaning when you need it, and a personal chef is available upon request.

We stock your store cupboard with a selection of drinks, condiments, snacks and essentials such as eggs, bread, fruit, homemade granola and cookies, olive oil, crisps, tonic and sparkling water.

## LITTLE HOUSE MAYFAIR

---

As a resident of the Apartments you have full access to Little House Mayfair – a private member's club, bar and restaurant occupying the ground floor of the same building.

The club is a space for relaxing, eating, working or meeting friends. There is a main Salon Bar, deep dining booths for groups and fireside sofas for more casual gatherings.

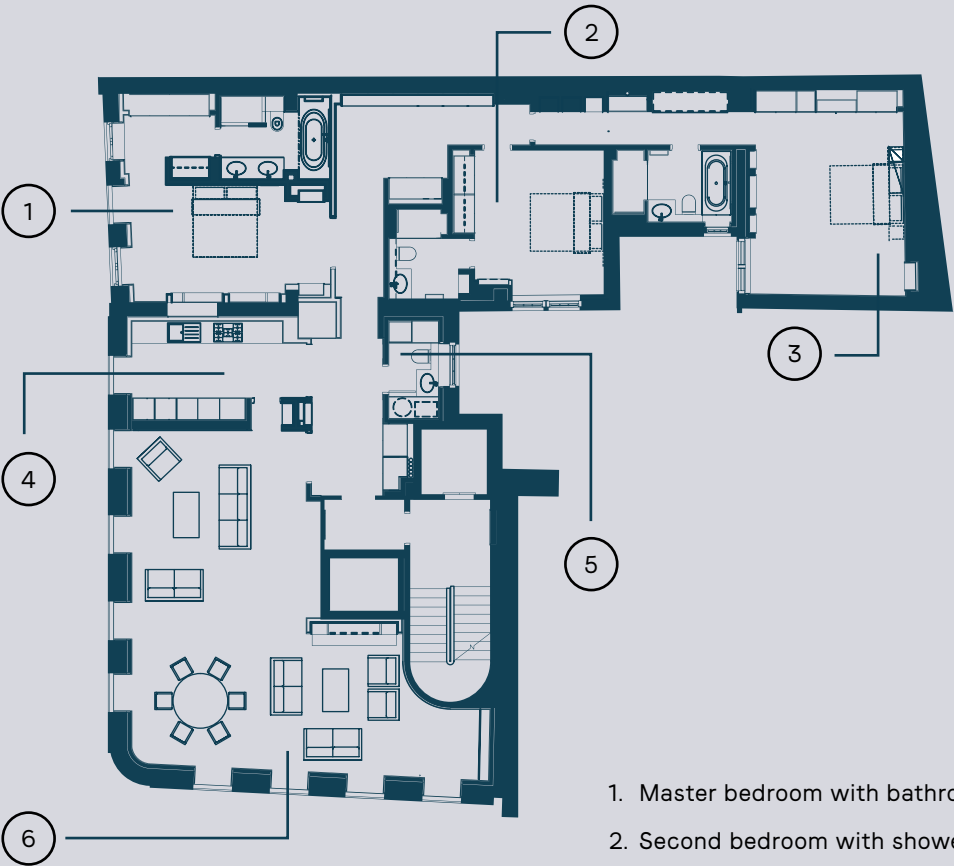

Our restaurant serves breakfast, lunch, dinner and late-night snacks, and the menus are inspired by southern Mediterranean cooking. On Sundays in winter our resident pianist plays for guests, and we host Little House Lates with guest DJs twice a month.
