

An abstract painting featuring two large, stylized flowers with white petals, purple and red brushstrokes, and a central yellow and blue circular motif. The background is a mix of dark, light, and blue tones with expressive brushwork. Several small, white human figures are scattered throughout the scene, including one near the top left, one near the bottom left, and one near the bottom right. A small, white, oval object is also visible near the bottom center.

Introduction by Jack Lazenby,
Soho House Art Collections Manager

Refreshed in its entirety in 2023, the art collection at High Road House brings together artists from across the capital and beyond. Divided into three themes, which interrogate the traditional art historical genres of the figure, still life and landscape, the works demonstrate the diverse ways in which these motifs are treated by artists today.

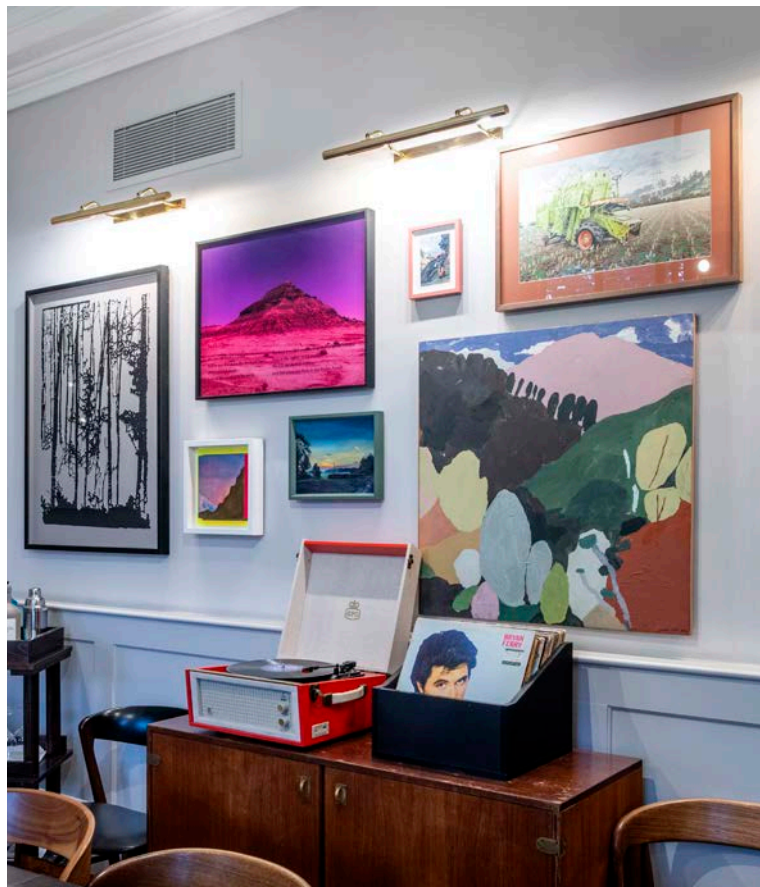

The figuration section features artists who call Chiswick home, such as Sir Peter Blake, Sharon Walters and Maryam Eisler, as well as Rene Matić, Gray Wielebinski, Sarah Maple and Jake Grewal, who treat perceptions of the body as central to their practice. A new site-specific mural engaging with the idea of the body in art was created by Alexandria Coe in summer 2023.

The still-life collection presents a vast array of mediums and lively approaches to the subject, including artworks by Polly Morgan, Magali Reus and Michael Landy, among others. The private dining room focuses on landscape with inventive interpretations by artists including Tania Kovats, Levack and Lewandowski, and Paul Davies. The lower level features two further sub-collections: the 'Help' portfolio created by museum-level international artists to raise money for charity during the pandemic, and a women-only selection of the original monochromatic artworks curated for the House over a decade ago.

SOHO VISIONARIES

POWERED BY PORSCHE

The Soho Visionaries series, powered by Porsche, amplifies the voices of local artists and members who are driving culture forward. Together, Soho House and Porsche have commissioned site-specific works that visually embrace the Porsche ethos of bringing dreams to life.

The series is supported by events that celebrate Soho House's creative community, and inspire imagination through art workshops, talks and immersive experiences around the world.

'Working across painting, photography and sculpture, the three artists selected for Soho Visionaries may have distinct practices, but they all share a commitment to rethinking the world around us. At heart they are storytellers, and the works they have created as part of this initiative with Porsche will be permanent reminders that art allows us to dream and see beyond the expected. Look out for more commissions coming to our Houses soon.'
