

TOBY

With a rehabilitation-focused, evidence-based background, Toby delivers precise, purposeful coaching that helps clients train safely around injuries or limitations while still making meaningful progress. Specialising in strength, muscle gain, mobility, and everyday function, his sessions emphasise proper intensity, technique, and the right stimulus without unnecessary wear and tear - building not just results, but the knowledge and confidence to train effectively long term in a positive, structured, and supportive environment.

Qualifications and expertise

- Level 3 Personal Training
- Rehabilitation and Strength
- Technique
- Mobility

GEORGIA

As a Pilates instructor and personal trainer, Georgia helps clients build intelligent strength, mobility, and embodied confidence through purposeful, alignment-focused movement. Her personalised programmes balance precision and flow, supporting goals ranging from injury recovery and improved posture to deeper core strength and sports performance, all delivered with an empowering, encouraging teaching style that prioritises sustainable progress, long-term results, and a more confident connection to your body.

Qualifications and expertise

- Level 3 Diploma in Instructing Pilates Matwork
- Virgin Active Academy Reformer Pilates Certification
- Functional Strength & Conditioning
- Postural Alignment & Movement Mechanics
- Injury-Aware & Rehabilitation Training

HANNAH

Hannah believes training should be effective, supportive, and genuinely enjoyable, delivering high-energy, motivating sessions that help clients feel stronger, more confident, and proud of what their bodies can do. Expect hard work, plenty of encouragement, and an atmosphere where effort is celebrated and showing up already counts as a win.

Qualifications and expertise

- Level 3 Personal Training
- Strength and conditioning training
- Body composition
- Fat loss

ELLIE

With a background as a professionally trained dancer, fitness has been central to Ellie's life for many years, giving her a strong understanding of movement, strength, and body awareness.

Her high-energy, motivating sessions focus on sustainable training and lifelong habits rather than quick fixes, using a non-restrictive approach that supports long-term health, and leaves clients feeling strong and confident.

Qualifications and expertise

- Level 3 Personal Training
- Certificate in Kettlebell Training
- Certificate in Studio Cycling
- Resistance Training
- Body Composition
- Sustainable Habit Building
